

REMIX *PRO MPLS*

NOW WITH WHITE, RED AND BLUE VISIBLE LIGHT, PLUS IR.

The new Remix Pro packs a bright 300 lumen spot beam, an array of Ultrabright LEDs in red, green and blue for administrative lighting, plus a flashing IR option. The headlamp will always turn on in low signature mode; holding the button down illuminates the high power spot beam. This headlamp is powered by a single CR123 battery providing excellent cold weather performance and light weight. Combine these features with a large on/off button, easy access battery door and a reliable asymmetrical bracket, and you can be sure that the Remix Pro is equipped to endure your next mission.
